Notice from Rolls Royce

Rolls-Royce reserves the right to amend or terminate the Group Insurance Program at retirement at any time, and to amend the Program's cost-sharing provisions, subject to a 30-day written notice.

General Information

The information contained in this section applies only to benefits insured by Sun Life.

About this booklet

The information in this employee benefits booklet is important to you. It provides the information you need about the group benefits available through your employer's group contract with Sun Life Assurance Company of Canada (*Sun Life*), a member of the Sun Life Financial group of companies.

If you have any questions about the information in this employee benefits booklet, or if you need additional information about your group benefits, please contact Sun Life.

Eligibility

To be eligible for group benefits, you must be a resident of Canada and meet the following conditions:

- you are a permanent employee.
- you are actively working for your employer at least 30 hours a week.
- you have completed the waiting period.

The waiting period for your group plan is 480 hours of continuous employment.

We consider you to be actively working if you are performing all the usual and customary duties of your job with your employer for the scheduled number of hours for that day. This includes scheduled non-working days and any period of continuous paid vacation of up to 3 months if you were actively working on the last scheduled working day. We do not consider you to be actively at work if you are receiving disability benefits or are participating in a partial disability or rehabilitation program.

Your dependents become eligible for coverage on the date you become eligible or the date they first become your dependent, whichever is later. You must apply for coverage for yourself in order for your dependents to be eligible.

Who qualifies as your dependent

Your dependent must be your spouse or your child and a resident of Canada.

Your spouse by marriage or under any other formal union recognized by law, or your partner of the opposite sex or of the same sex who has been publicly represented as your spouse and with whom you have been cohabiting for at least the last year (or less if a child is born out of your relationship), is an eligible dependent. You can only cover one spouse at a time.

Your children and your spouse's children (other than foster children) are eligible

dependents if they are not married or in any other formal union recognized by law, and are under age 21.

A child who is a full-time student attending an educational institution recognized under the Income Tax Act (Canada) is also considered an eligible dependent until the age of 26 as long as the child is entirely dependent on you for financial support.

If a child becomes handicapped before the limiting age, we will continue coverage as long as:

- the child is incapable of financial self-support because of a physical or mental disability, and
- the child depends on you for financial support, and is not married nor in any other formal union recognized by law.

In these cases, you must notify Sun Life within 31 days of the date the child attains the limiting age. We can give you more information about this.

Enrolment

You have to enrol to receive coverage. To enrol, you must send the appropriate enrolment information to Sun Life. For a dependent to receive coverage, you must request dependent coverage.

If your dependents are covered for comparable Extended Health Care or Dental Care coverage under this or another group plan, they may refuse this coverage under this plan. If, at a later date, the other coverage ends, they can enrol for coverage under this plan at that time.

You will be required to provide proof of good health when you request Optional Life coverage in excess of \$50,000 for yourself or your spouse.

When coverage begins

For the Optional Life benefit, your coverage begins on the later of the following dates:

- the date you become eligible for coverage.
- the date Sun Life receives your enrolment information for coverage.
- the date Sun Life approves your proof of good health, if required.

For all other benefits, your coverage begins on the date you become eligible for coverage.

If you are not actively working on the date coverage would normally begin, your coverage will not begin until you return to active work.

For the Spouse Optional Life benefit, coverage begins on the later of the following dates:

- the date your coverage begins.

- the date your spouse becomes eligible for coverage.
- the date Sun Life approves your spouse's proof of good health, if required.

For all other benefits, dependent coverage begins on the date your coverage begins or on the date you first have an eligible dependent, whichever is later.

However, for a dependent, other than a newborn child, who is hospitalized, coverage will begin when the dependent is discharged from hospital and is actively pursuing normal activities.

Once you have dependent coverage, any subsequent dependents will be covered automatically, as soon as you advise Sun Life.

If there are additional conditions for a particular benefit, these conditions will appear in the appropriate benefit section later in this booklet.

Changes affecting your coverage

From time to time, there may be circumstances that change your coverage.

For example, your employment status may change, or your employer may change the group contract. Any resulting change in the coverage will take effect on the date of the change in circumstances.

The following exceptions apply if the result of the change is an increase in coverage:

- if proof of good health is required, the change cannot take effect before Sun Life approves the proof of good health.
- if you are not actively working when the change occurs or when Sun Life approves proof of good health, the change cannot take effect before you return to active work.
- if a dependent, other than a newborn child, is hospitalized on the date when the change occurs, the change in the dependent's coverage cannot take effect before the dependent is discharged and is actively pursuing normal activities.

Updating your records

To ensure that coverage is kept up-to-date, it is important that you report any of the following changes to Sun Life:

- change of dependents.
- change of name.
- change of beneficiary.

Accessing your records

For insured benefits, you may obtain copies of the following documents:

- your enrolment form or application for insurance.

- any written statements or other record, not otherwise part of the application, that you provided to Sun Life as evidence of insurability.

For insured benefits, on reasonable notice, you may also request a copy of the contract.

The first copy will be provided at no cost to you but a fee may be charged for subsequent copies.

All requests for copies of documents should be directed to one of the following sources:

- our website at www.mysunlife.ca.
- our Customer Care centre by calling toll-free at 1-866-881-0583.

When coverage ends

As an employee, your coverage will end on the earlier of the following dates:

- the date your employment ends.
- the date you are no longer actively working.
- the end of the period for which premiums have been paid to Sun Life for your coverage.
- the date the group contract ends.

A dependent's coverage terminates on the earlier of the following dates:

- the date your coverage ends.
- the date the dependent is no longer an eligible dependent.
- the end of the period for which premiums have been paid for dependent coverage.

The termination of coverage may vary from benefit to benefit. For information about the termination of a specific benefit, please refer to the appropriate section of this employee benefits booklet.

However, if you die while covered by this plan, coverage for your dependents will continue until the earlier of the following dates:

- the date the person would no longer be considered your dependent if you were still alive.
- the last day of the twelfth month following the month in which you die.
- the end of the period for which premiums have been paid for dependent coverage.
- the date the benefit provision under which the dependent is covered terminates.

	<p>If the spouse is covered for Optional Life, the continuation of coverage does not apply to the spouse's Optional Life.</p>
Replacement coverage	<p>The group contract will be interpreted and administered according to all legislation concerning the continuation of insurance following contract termination and the replacement of group insurance.</p> <p>Sun Life will not be responsible for paying benefits if an insurer under a previous group contract is responsible for paying similar benefits.</p> <p>If such legislation requires that Sun Life resume paying certain benefits because of a recurrence of an employee's total disability, Sun Life will resume payment at the same amount and for the remainder of the maximum benefit period.</p>
Making claims	<p>Sun Life is dedicated to processing your claims promptly and efficiently. You should contact Sun Life to get the proper form to make a claim.</p> <p>There are time limits for making claims. These limits are discussed in the appropriate sections of this employee benefits booklet. If you fail to abide by these time limits, you may not be entitled to some or all benefit payments.</p> <p>All claims must be made in writing on forms approved by Sun Life.</p> <p>For the assessment of a claim, Sun Life may require medical records or reports, proof of payment, itemized bills, or other information Sun Life considers necessary. Proof of claim is at your expense.</p>
Legal actions	<p>Limitation period for Ontario:</p> <p>Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the <i>Limitations Act, 2002</i>.</p> <p>Limitation period for any other province:</p> <p>Every action or proceeding against an insurer for the recovery of insurance money payable under the contract is absolutely barred unless commenced within the time set out in the <i>Insurance Act</i> or other applicable legislation of your province or territory.</p>
Proof of disability	<p>From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.</p>
Coordination of benefits	<p>If you or your dependents are covered for Extended Health Care or Dental Care under this plan and another plan, our benefits will be coordinated with the other plan following insurance industry standards. These standards determine which plan you should claim from first.</p> <p>The plan that does not contain a coordination of benefits clause is considered to be the first payer and therefore pays benefits before a plan which includes a</p>

coordination of benefits clause.

For dental accidents, health plans with dental accident coverage pay benefits before dental plans.

The maximum amount that you can receive from all plans for eligible expenses is 100% of actual expenses.

Where both plans contain a coordination of benefits clause, claims must be submitted in the order described below.

Claims for you and your spouse should be submitted in the following order:

- the plan where the person is covered as an employee. If the person is an employee under two plans, the following order applies:
 - the plan where the person is covered as an active full-time employee.
 - the plan where the person is covered as an active part-time employee.
 - the plan where the person is covered as a retiree.
- the plan where the person is covered as a dependent.

Claims for a child should be submitted in the following order:

- the plan where the child is covered as an employee.
- the plan where the child is covered under a student health or dental plan provided through an educational institution.
- the plan of the parent with the earlier birth date (month and day) in the calendar year. For example, if your birthday is May 1 and your spouse's birthday is June 5, you must claim under your plan first.
- the plan of the parent whose first name begins with the earlier letter in the alphabet, if the parents have the same birth date.

The above order applies in all situations except when parents are separated/divorced and there is no joint custody of the child, in which case the following order applies:

- the plan of the parent with custody of the child.
- the plan of the spouse of the parent with custody of the child.
- the plan of the parent not having custody of the child.
- the plan of the spouse of the parent not having custody of the child.

When you submit a claim, you have an obligation to disclose to Sun Life all other equivalent coverage that you or your dependents have.

Sun Life can help you determine which plan you should claim from first.

Medical examination	We can require you to have a medical examination if you make a claim for benefits. We will pay for the cost of the examination. If you fail or refuse to have this examination, we will not pay any benefit.
Recovering overpayments	We have the right to recover all overpayments of benefits either by deducting from other benefits or by any other available legal means.
If you recover damages from another person	<p>We have the right to a part of any money you recover through legal action or settlement from another person, organization or company who caused your disability.</p> <p>If you decide to take legal action, you must comply with the applicable terms of the group contract concerning legal action.</p> <p>If you recover money, you must pay us 75% of your net recovery or the total disability income benefits paid or payable to you under this plan, whichever is less. Your net recovery does not include your legal costs. Seventy-five percent of your net recovery must be held in trust for us.</p> <p>We have the right to withhold or discontinue disability income payments if you refuse or fail to comply with any of these terms.</p>

<i>We, our and us</i>	We, our and us mean Sun Life Assurance Company of Canada.

***Pharmaceutical services
(rendered by
pharmacists)***

For employees residing in Québec, we will cover the pharmaceutical services that are covered under the Québec drug insurance plan and apply its requirements.

Drug substitution limit

For brand name drugs that have a generic equivalent only: charges in excess of the lowest priced equivalent drug are not covered unless specifically approved by Sun Life. To assess the medical necessity of a higher priced drug, Sun Life will require you and your doctor to complete and submit an exception form.

Prior authorization program

The prior authorization (PA) program applies to a limited number of drugs and, as its name suggests, prior approval is required for coverage under the program. If you submit a claim for a drug included in the PA program and you have not been pre-approved, your claim will be declined.

In order for drugs in the PA program to be covered, you need to provide medical information. Please use our PA form to submit this information. Both you and your doctor need to complete parts of the form.

You will be eligible for coverage for these drugs if the information you and your doctor provide meets our clinical criteria based on factors such as:

- Health Canada Product Monograph.
- recognized clinical guidelines.
- comparative analysis of the drug cost and its clinical effectiveness.
- recommendations by health technology assessment organizations and provinces.
- your response to preferred drug therapy.

If not, your claim will be declined.

Our prior authorization forms are available from the following sources:

- our website at www.mysunlife.ca/priorauthorization
- our Customer Care centre by calling toll-free 1-866-881-0583

Québec drug insurance plan

For employees residing in Québec, any conditions under this plan that do not meet the requirements under the Québec drug insurance plan are automatically adjusted to meet those requirements.

Persons age 65 or over residing in Québec

When a person age 65 or over is eligible for coverage under a provincial drug insurance plan, Sun Life assumes that the person is participating in that plan. However, if the employee is the first to reach age 65, Sun Life assumes that his dependents are also participating in the provincial drug insurance plan. We will not pay any drugs payable entirely or in part by your provincial drug insurance plan.

Please contact Sun Life if you have any questions.

Other health professionals allowed to prescribe drugs

We reimburse certain drugs prescribed by other qualified health professionals the same way as if the drugs were prescribed by a doctor or a dentist if the applicable provincial legislation permits them to prescribe those drugs.

Hospital expenses in your province

We will cover 100% of the costs for hospital care in the province where you live. The deductible does not apply to these expenses.

We will cover, up to a maximum of 120 days for treatment of an illness due to the same or related causes:

- out-patient services in a hospital, except for any services explicitly excluded under this benefit.
- the difference between the cost of a ward and a semi-private hospital room.
- the difference between the cost of a semi-private and a private hospital room, up to a maximum of \$15 per day.

We will also cover the cost of room and board in a convalescent hospital if this care has been ordered by a doctor as long as:

- it follows at least 3 consecutive days of in-patient hospitalization,
- it begins within 14 days of release from the hospital, and
- it is primarily for rehabilitation.

The maximum amount payable is the difference between the cost of a ward and a semi-private room up to a maximum of 180 days for treatment of an illness due to the same or related causes.

For purposes of this plan, a *convalescent hospital* is a facility licensed to provide convalescent care and treatment for sick or injured patients on an in-patient basis. Nursing and medical care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium or a facility for treating alcohol or drug abuse.

A *hospital* is a facility licensed to provide care and treatment for sick or injured patients, primarily while they are acutely ill. It must have facilities for diagnostic treatment and major surgery. Nursing care must be available 24 hours a day. It does not include a nursing home, rest home, home for the aged or chronically ill, sanatorium, convalescent hospital or a facility for treating alcohol or drug abuse or beds set aside for any of these purposes in a hospital.

***Substance abuse
rehabilitation centre***

We will cover 100% of the cost for the treatment of alcohol or drug abuse in a licensed substance abuse rehabilitation centre, provided the provincial health care plan pays the equivalent of ward level accommodation.

The maximum amount payable is the difference between the cost of a ward and a semi-private room, up to a maximum stay of 30 days. We will cover one treatment is a person's lifetime. The deductible does not apply to these expenses.

**Expenses out of your
province**

We will cover emergency services while you are outside the province where you live. We will also cover referred services.

For both emergency services and referred services, we will cover the cost of:

- a semi-private hospital room.
- other hospital services provided outside of Canada.

- out-patient services in a hospital.
- the services of a doctor.

Expenses for all other services or supplies eligible under this plan are also covered when they are incurred outside the province where you live, subject to the reimbursement level and all conditions applicable to those expenses.

Emergency services

We will pay 100% of the cost of covered emergency services after you pay the deductible.

We will only cover emergency services obtained within 60 days of the date you leave the province where you live. If hospitalization occurs within this period, in-patient services are covered until the date you are discharged.

Emergency services mean any reasonable medical services or supplies, including advice, treatment, medical procedures or surgery, required as a result of an emergency. When a person has a chronic condition, emergency services do not include treatment provided as part of an established management program that existed prior to the person leaving the province where the person lives.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

At the time of an emergency, you or someone with you must contact Sun Life's Emergency Travel Assistance provider, AZGA Service Canada Inc. (*Allianz Global Assistance*). All invasive and investigative procedures (including any surgery, angiogram, MRI, PET scan, CAT scan), must be pre-authorized by Allianz Global Assistance prior to being performed, except in extreme circumstances where surgery is performed on an emergency basis immediately following admission to a hospital.

If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

An emergency ends when you are medically stable to return to the province where you live.

Emergency services excluded from coverage

Any expenses related to the following emergency services are not covered:

- services that are not immediately required or which could reasonably be delayed until you return to the province where you live, unless your medical condition reasonably prevents you from returning to that province prior to receiving the medical services.
- services relating to an illness or injury which caused the emergency, after such emergency ends.

- continuing services, arising directly or indirectly out of the original emergency or any recurrence of it, after the date that Sun Life or Allianz Global Assistance, based on available medical evidence, determines that you can be returned to the province where you live, and you refuse to return.
- services which are required for the same illness or injury for which you received emergency services, including any complications arising out of that illness or injury, if you had unreasonably refused or neglected to receive the recommended medical services.
- where the trip was taken to obtain medical services for an illness or injury, services related to that illness or injury, including any complications or any emergency arising directly or indirectly out of that illness or injury.

Referred services *Referred services* must be for the treatment of an illness and ordered in writing by a doctor located in the province where you live. We will pay 100% of the costs of referred services after you pay the deductible. Your provincial medicare plan must agree in writing to pay benefits for the referred services.

All referred services must be:

- obtained in Canada, if available, regardless of any waiting lists, and
- covered by the medicare plan in the province where you live.

However, if referred services are not available in Canada, they may be obtained outside of Canada.

Emergency services out of your province Expenses incurred for emergency services outside the province where you live are subject to a lifetime maximum of \$1 000 000 per person or, if lower, any other applicable lifetime maximum.

Medical services and equipment We will cover 100% of the costs, after you pay the deductible, for the medical services listed below when ordered by a doctor (the services of a dentist do not require a doctor's order).

- out-of-hospital private duty nurse services when medically necessary. Services must be for nursing care, and not for custodial care. The private duty nurse must be a nurse, or nursing assistant who is licensed, certified or registered in the province where you live and who does not normally live with you. The services of a registered nurse are eligible only when someone with lesser qualifications cannot perform the duties. There is a limit of \$10,000 per person per benefit year.
- transportation in a licensed ambulance if medically necessary, that takes you to and from the nearest hospital that is able to provide the necessary medical services.
- transportation in a licensed air ambulance if medically necessary, that takes

you to the nearest hospital that provides the necessary emergency services.

- the following diagnostic services rendered out of a hospital, except if the covered person's provincial plan prohibits payment of these expenses:
 - laboratory tests, up to a maximum of \$1,250 per person in a benefit year.
 - ultrasounds, x-rays, electrocardiograms, mammographies, thermographies, magnetic resonance imaging (M.R.I.) and tomography (Scan), up to a combined maximum of \$1,000 per person in a benefit year.
- dental services, including braces and splints, to repair damage to natural teeth caused by an accidental blow to the mouth that occurs while you are covered. These services must be received within 12 months of the accident. We will not cover more than the fee stated in the Dental Association Fee Guide for a general practitioner in the province where the employee lives. The guide must be the current guide at the time that treatment is received.
- wigs following chemotherapy, up to a lifetime maximum of \$200 per person. Wigs do not require a doctor's order.
- medically necessary equipment rented, or purchased at our request, that meets your basic medical needs. If alternate equipment is available, eligible expenses are limited to the cost of the least expensive equipment that meets your basic medical needs. For expenses incurred for a wheelchair, coverage is limited to the use of a manual wheelchair, except if the person's medical condition warrants the use of an electric wheelchair.
- casts, splints, trusses, braces or crutches.
- breast prostheses required as a result of surgery, up to a maximum of one prosthesis per person per benefit year and up to a maximum of 2 surgical brassieres per person per benefit year.

- services of a doctor for completion of a medical certificate or note to justify a disability claim or an absence from work, up to a maximum of \$50 per certificate or note. Only employees are eligible for these expenses.

Paramedical services

We will cover 100% of the costs, up to a combined maximum of \$1,000 per person per benefit year for all paramedical specialists listed below. The deductible does not apply to these expenses.

- licensed psychologists or social workers.
- licensed psychotherapists, or psychotherapists who are active members of a provincial association approved by Sun Life.

We will cover 100% of the costs, for licensed physiotherapists, up to a maximum of \$2,000 per person per benefit year. However, once the benefit year maximum has been reached, the person will be eligible for an additional \$3,000 for that benefit year if additional treatments are ordered by a doctor. The deductible does not apply to these expenses.

We will also cover 100% of the costs, up to a combined maximum of \$1,000 per person per benefit year for all paramedical specialists listed below. The deductible does not apply to these expenses.

The deductible does **not** apply to vision care expenses.

We will not pay for sunglasses, magnifying glasses, or safety glasses of any kind, unless they are prescription glasses needed for the correction of vision.

When coverage ends

Extended Health Care coverage will end when the employee retires. Coverage will then be transferred to the retirees' division.

Coverage may also end on an earlier date, as specified in *General Information*.

Payments after coverage ends

If you are totally disabled when your coverage ends, benefits will continue for expenses that result from the illness that caused the total disability, if the expenses are incurred:

- during the uninterrupted period of total disability,
- within 90 days of the end of coverage, and
- while this provision is in force.

For the purpose of this provision, a dependent is totally disabled if prevented by illness from performing the dependent's normal activities.

If the Extended Health Care benefit terminates, coverage for dental services to repair natural teeth damaged by an accidental blow will continue, if the accident occurred while you were covered, and the procedure is performed within 6 months after the date of the accident.

What is not covered**We will not pay for the costs of:**

- services or supplies payable or available (regardless of any waiting list) under any government-sponsored plan or program, except as described below under *Integration with government programs*.
- services or supplies to the extent that their costs exceed the reasonable and usual rates in the locality where the services or supplies are provided. This exclusion does not apply to generic drugs.

- equipment that Sun Life considers ineligible (examples of this equipment are orthopaedic mattresses, exercise equipment, air-conditioning or air-purifying equipment, whirlpools, humidifiers, and equipment used to treat seasonal affective disorders).
- any services or supplies that are not usually provided to treat an illness, including experimental treatments.
- services or supplies that are not approved by Health Canada or other government regulatory body for the general public.
- services or supplies that are not generally recognized by the Canadian medical profession as effective, appropriate and required in the treatment of an illness in accordance with Canadian medical standards.
- services or supplies that do not qualify as medical expenses under the Income Tax Act (Canada).
- services or supplies for which no charge would have been made in the absence of this coverage.

We will not pay benefits when the claim is for an illness resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- any work for which you were compensated that was not done for the employer who is providing this plan.
- participation in a criminal offence.

Integration with government programs

This plan will integrate with benefits payable or available under the government-sponsored plan or program (the *government program*).

The covered expense under this plan is that portion of the expense that is not payable or available under the government program, regardless of:

- whether you have made an application to the government program,
- whether coverage under this plan affects your eligibility or entitlement to any benefits under the government program, or
- any waiting lists.

Government cutback

Extended Health Care coverage is provided in conjunction with government-sponsored plans or programs, and is based on the presumption that the services or supplies currently payable under these plans or programs will not be reduced or eliminated. If coverage of a service or supply under any government-sponsored plan or program is reduced or eliminated, the expenses which cease to be covered will not be automatically covered by this plan.

When and how to make a claim

To make a claim, complete the claim form that is available from Sun Life.

In order for you to receive benefits, we must receive the claim no later than 90 days after the earlier of:

- the end of the benefit year during which you incur the expenses, or
- the end of your Extended Health Care coverage.

Emergency Travel Assistance

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

In this section, *you* means the employee and all dependents covered for Emergency Travel Assistance benefits.

If you are faced with a medical emergency when travelling outside of the province where you live, AZGA Service Canada Inc. (*Allianz Global Assistance*) can help.

Emergency means an acute illness or accidental injury that requires immediate, medically necessary treatment prescribed by a doctor.

This benefit, called **Medi-Passport**, supplements the emergency portion of your Extended Health Care coverage. It only covers emergency services that you obtain within 60 days of leaving the province where you live. If hospitalization occurs within this time period, in-patient services are covered until you are discharged.

The Medi-Passport coverage is subject to any maximum applicable to the emergency portion of the Extended Health Care benefit. The emergency services excluded from coverage, and all other conditions, limitations and exclusions applicable to your Extended Health Care coverage also apply to Medi-Passport.

We recommend that you bring your Travel card with you when you travel. It contains telephone numbers and the information needed to confirm your coverage and receive assistance.

Getting help

At the time of an emergency, you or someone with you must contact Allianz Global Assistance. If contact with Allianz Global Assistance cannot be made before services are provided, contact with Allianz Global Assistance must be made as soon as possible afterwards. If contact is not made and emergency services are provided in circumstances where contact could reasonably have been made, then Sun Life has the right to deny or limit payments for all expenses related to that emergency.

Access to a fully staffed coordination centre is available 24 hours a day. Please consult the telephone numbers on the Travel card.

Allianz Global Assistance may arrange for:

On the spot medical assistance

Allianz Global Assistance will provide referrals to physicians, pharmacists and medical facilities.

As soon as Allianz Global Assistance is notified that you have a medical emergency, its staff, or a physician designated by Allianz Global Assistance, will, when necessary, attempt to establish communications with the attending medical personnel to obtain an understanding of the situation and to monitor your

condition. If necessary, Allianz Global Assistance will also guarantee or advance payment of the expenses incurred to the provider of the medical service.

Allianz Global Assistance will provide translation services in any major language that may be needed to communicate with local medical personnel.

Allianz Global Assistance will transmit an urgent message from you to your home, business or other location. Allianz Global Assistance will keep messages to be picked up in its offices for up to 15 days.

Transportation home or to a different medical facility

Allianz Global Assistance may determine, in consultation with an attending physician, that it is necessary for you to be transported under medical supervision to a different hospital or treatment facility or to be sent home.

In these cases, Allianz Global Assistance will arrange, guarantee, and if necessary, advance the payment for your transportation.

Sun Life or Allianz Global Assistance, based on available medical evidence, will make the final decision whether you should be moved, when, how and to where you should be moved and what medical equipment, supplies and personnel are needed.

Meals and accommodations expenses

If your return trip is delayed or interrupted due to a medical emergency or the death of a person you are travelling with who is also covered by this benefit, Allianz Global Assistance will arrange for your meals and accommodations at a commercial establishment. We will pay a maximum of \$150 a day for each person for up to 7 days.

Allianz Global Assistance will arrange for meals and accommodations at a commercial establishment, if you have been hospitalized due to a medical emergency while away from the province where you live and have been released, but, in the opinion of Allianz Global Assistance, are not yet able to travel. We will pay a maximum of \$150 a day for up to 5 days.

Travel expenses home if stranded

Allianz Global Assistance will arrange and, if necessary, advance funds for transportation to the province where you live:

- for you, if due to a medical emergency, you have lost the use of a ticket home because you or a dependent had to be hospitalized as an in-patient, transported to a medical facility or repatriated; or
- for a child who is under the age of 16, or mentally or physically handicapped, and left unattended while travelling with you when you are hospitalized outside the province where you live, due to a medical emergency.

Reimbursement of expenses

If, after obtaining confirmation from Allianz Global Assistance that you are covered and a medical emergency exists, you pay for services or supplies that were eligible for advances, Sun Life will reimburse you.

To receive reimbursement, you must provide Sun Life with proof of the expenses within 30 days of returning to the province where you live. Sun Life can provide you with the appropriate claim form.

Your responsibility for advances

You will have to reimburse Sun Life for any of the following amounts advanced by Allianz Global Assistance:

- any amounts which are or will be reimbursed to you by your provincial medicare plan.
- that portion of any amount which exceeds the maximum amount of your coverage under this plan.
- amounts paid for services or supplies not covered by this plan.
- amounts which are your responsibility, such as deductibles and the percentage of expenses payable by you.

Sun Life will bill you for any outstanding amounts. Payment will be due when the bill is received. You can choose to repay Sun Life over a 6 month period, with interest at an interest rate established by Sun Life from time to time. Interest rates may change over the 6 month period.

Limits on Emergency Travel Assistance coverage

There are countries where Allianz Global Assistance is not currently available for various reasons. For the latest information, please call Allianz Global Assistance before your departure.

Allianz Global Assistance reserves the right to suspend, curtail or limit its services in any area, without prior notice, because of:

- a rebellion, riot, military up-rising, war, labour disturbance, strike, nuclear accident or an act of God.
- the refusal of authorities in the country to permit Allianz Global Assistance to fully provide service to the best of its ability during any such occurrence.

Liability of Sun Life or Allianz Global Assistance

Neither Sun Life nor Allianz Global Assistance will be liable for the negligence or other wrongful acts or omissions of any physician or other health care professional providing direct services covered under this group plan.

Dental Care

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

In this section, *you* means the employee and all dependents covered for Dental Care benefits.

Dental Care coverage pays for eligible expenses that you incur for dental procedures provided by a licensed dentist, denturist, dental hygienist and anaesthetist while you are covered by this group plan.

For each dental procedure, we will only cover reasonable expenses. We will not cover more than the fee stated in the Dental Association Fee Guide for general practitioners in the province where the treatment is received. Payments will be based on the current guide at the time the treatment is received.

If services are provided by a board qualified specialist in endodontics, prosthodontics, oral surgery, periodontics, paedodontics or orthodontics whose dental practice is limited to that speciality, then the fee guide approved by the provincial Dental Association for that specialist will be used.

When a fee guide is not published for a given year, the term *fee guide* may also mean an adjusted fee guide established by Sun Life.

When deciding what we will pay for a procedure, we will first find out if other or alternate procedures could have been done. These alternate procedures must be part of usual and accepted dental work and must obtain as adequate a result as the procedure that the dentist performed. **We will not pay** more than the reasonable cost of the least expensive alternate procedure.

For an implant related crown or prosthesis, we will pay the benefit that would have been payable under this plan for a tooth supported crown or a non implant related prosthesis, respectively. We will take into account any limitations that would have applied if there had been no implant. All other expenses related to implants, including surgery charges, are not covered.

If you receive any temporary dental service, it will be included as part of the final dental procedure used to correct the problem and not as a separate procedure. The fee for the permanent service will be used to determine the usual and reasonable charge for the final dental service.

An expense must be claimed for the benefit year in which the expense is incurred. You incur an expense on the date your dentist performs a single appointment procedure or an orthodontic procedure. For other procedures which take more than one appointment, you incur an expense once the entire procedure is

completed.

The benefit year is from January 1 to December 31.

Deductible

There is no deductible for this coverage.

Benefit year maximum

- We will not pay** more than:
- \$1,350 per person for each benefit year for Preventive and Basic dental procedures combined.
 - \$2,500 per person for each benefit year for Major dental procedures.

If your coverage starts in the second half of a benefit year, the maximum amount for that benefit year will be reduced by 50%.

Lifetime maximum

The maximum amount we will pay for all Orthodontic procedures in a person’s lifetime is \$3,000.

Predetermination

We suggest that you send us an estimate, before the work is done, for any major treatment or any procedure that will cost more than \$200. You should send us a completed dental claim form that shows the treatment that the dentist is planning and the cost. Both you and the dentist will have to complete parts of the claim form. We will tell you how much of the planned treatment is covered. This way you will know how much of the cost you will be responsible for before the work is done.

Short-Term Disability (Weekly Indemnity)

Insurer

This benefit is insured by Sun Life Assurance Company of Canada.

General description of the coverage

Short-Term Disability coverage provides a benefit if you become totally disabled. You qualify for this benefit if you present proof of claim acceptable to Sun Life that:

- you became totally disabled while covered, and
- you have been following appropriate treatment for the disability since its onset.

For the purposes of your Short-Term Disability coverage, you will be considered totally disabled while you are continuously unable due to an illness (including a vasectomy) to do the essential duties of your own occupation.

Your benefits will be based on your coverage on the date you became totally disabled. Benefits are paid at the end of each week for which you are entitled to payments.

When disability payments begin

If you become totally disabled because of an **accident** and your total disability begins within 30 days of the accident, you will be eligible for Short-Term Disability payments on the date you become totally disabled or the first day you consult a doctor, whichever is later.

If you become totally disabled because of an **illness**, after you have consulted a doctor, you will be eligible for Short-Term Disability payments after 2 days of uninterrupted total disability.

If you are totally disabled for part of any week, we will pay 1/7 of the weekly benefit for each day you are totally disabled.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for at least 2 uninterrupted days in the case of illness and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer. In the case of an accident, you must be totally disabled on the date you are recalled or scheduled to return to full-time work.

Interrupted periods of disability

If you had a total disability for which we paid Short-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous total disability if it occurs within 2 weeks of the end of your previous disability. You must be covered when the total disability reoccurs.

These benefits will be based on your coverage as it existed on the original date of total disability and will be paid for no longer than the rest of the maximum benefit period.

What we will pay

Here is how we calculate your Short-Term Disability payments. All references to income in this disability provision are to the gross amounts before any deductions.

Step 1: We take 70% of your weekly basic earnings.

If your Short-Term Disability benefit is less than the benefit that would be payable under the Employment Insurance Act, your basic earnings will be increased by the amount of bonus, commission, overtime or incentive pay earned on a regular basis, required to calculate the amount of benefit payable under the Employment Insurance Act.

Step 2:

- (a) **During the entire period of total disability**, we subtract any income provided to you:
- under a motor vehicle insurance plan which provides disability benefits as long as any benefits payable under the Employment Insurance Act are not taken into account when determining the amount of benefits payable under the motor vehicle insurance plan, and as long as the law does not prohibit such a deduction.
 - under a group plan which provides income replacement benefits as a result of an accident or an illness, including a multiple-employer group plan.
 - as part of a salary continuance received from your employer during your disability.
- (b) **After the first 17 weeks of total disability**, when the maximum benefit period is more than 17 weeks, we also subtract any income provided to you:
- for the same or a subsequent disability under any government-sponsored plan, including amounts payable on behalf of a dependent, but excluding employment insurance benefits and automatic cost-of-living increases that occur after benefits begin.
 - under a retirement or pension plan funded in whole or in part by the

employer, as a result of your disability or a medical condition.

- under any coverage resulting from your membership in an association of any kind.

The result from Step 2 is the amount you would normally receive as a Short-Term Disability payment. However, if the amount calculated under Step 2, plus:

- **during the first 17 weeks of total disability** – the sources of income listed in (a) above, exceeds 85% of your pre-disability basic earnings (after income tax, if the benefit is non-taxable),
- **after the first 17 weeks of total disability** – the sources of income listed in (a) and (b) above, exceeds 85% of your pre-disability basic earnings (after income tax, if the benefit is non-taxable),

your Short-Term Disability payment is reduced by the excess.

If you are eligible for any of the income amounts above and do not apply for them, we will still consider them part of your income. We can estimate those benefits and use those amounts when we calculate your payments.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a weekly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. However, increases in those benefits as a result of your disability will be taken into account.

We have the right to adjust your benefit payments when necessary.

**Maternity / parental
leave of absence**

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Short-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for 2 days, provided your coverage has been continued.

Rehabilitation program	<p>You may be required to participate in a rehabilitation program approved by Sun Life in writing.</p> <p>It may include the involvement of our rehabilitation specialist, part-time work, working in another occupation or vocational training to help you become capable of full-time employment.</p> <p>Sun Life is under no obligation to approve or continue a rehabilitation program for an employee. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.</p> <p>During your rehabilitation program, you may receive Short-Term Disability payments plus income from other sources. However, the Short-Term Disability payments will be reduced to 70% for the days that you are not working. If during any week your total income is more than 100% of your basic earnings when your disability began (less provincial and federal income taxes if your benefit is non-taxable), your Short-Term Disability payment will be reduced by the excess.</p> <p>You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled.</p>
When payments end	<p>Your Short-Term Disability payments end on the earlier of the following dates:</p> <ul style="list-style-type: none">■ the date you are no longer totally disabled.■ the end of a maximum benefit period of 26 weeks of payment.■ the date you retire on pension.■ the date you die.
When coverage ends	<p>Your Short-Term Disability coverage will end when you retire. Coverage may also end on an earlier date, as specified in <i>General Information</i>.</p>
Payments after coverage ends	<p>If the Short-Term Disability benefit terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the benefit were still in effect.</p>
What is not covered	<p>We will not pay benefits for any period:</p> <ul style="list-style-type: none">■ you are not receiving appropriate treatment.■ that you do any work for wage or profit except as approved by Sun Life.■ you are not participating in an approved rehabilitation program, if required by Sun Life.■ you are on a leave of absence, strike or lay-off except as stated under <i>Maternity / parental leave of absence</i>. However, if you become totally disabled before a notice of separation is given, payments continue while you are totally disabled, but not beyond the end of the maximum benefit period.

- you are absent from Canada longer than 4 weeks, unless Sun Life agrees in writing in advance to pay benefits during such period or unless the absence is for the purpose of obtaining medical treatment and would be permitted under the Employment Insurance regulations.
- you are serving a prison sentence or are confined in a similar institution.

We will not pay if benefits are payable to you under any Workers' Compensation Act or similar legislation.

We will not pay for total disability resulting from:

- the hostile action of any armed forces, insurrection or participation in a riot or civil commotion.
- intentionally self-inflicted injuries.
- participation in a criminal offence.

When and how to make a claim

To make a claim, claim forms that are available from Sun Life must be completed. You, the attending doctor and your employer will all have to complete claim forms.

In order for you to receive benefits, we must receive these forms no later than 30 days after your total disability begins.

We will assess the claim and send you or your employer a letter outlining our decision.

From time to time, Sun Life can require that you provide us with proof of your total disability. If you do not provide this information within 90 days of the request, you will not be entitled to benefits.

- during the elimination period and the following 24 months (this period is known as the **own occupation period**), you will be considered totally disabled due to an illness while you are continuously unable to do the essential duties of your own occupation, and
- afterwards, you will be considered totally disabled if you are continuously unable due to an illness to do any occupation for which you are or may become reasonably qualified by education, training or experience.

Benefits are paid at the end of each month and are based on your coverage on the date you became totally disabled.

If you are totally disabled for part of any month, we will pay 1/30 of the monthly benefit for each day you are totally disabled.

When disability payments begin

Your Long-Term Disability payments begin after you have been totally disabled for an uninterrupted period of 26 weeks after the last day benefits are payable under any short-term disability, loss of income or other salary continuation plan, whichever is later.

This period, which must be completed before disability benefits become payable, is the **elimination period**.

If you become totally disabled during a lay-off or approved leave and your coverage continues during this time, you will be eligible for benefit payments following your recall or scheduled return to full-time work with your employer. You must have been totally disabled for an uninterrupted period of 26 weeks and still be totally disabled on the date you are recalled or scheduled to return to full-time work with your employer.

What we will pay

Here is how we calculate your Long-Term Disability payments. All references to income in this disability provision are to the gross amounts before any deductions.

Step 1: We take 70% of your monthly basic earnings up to a maximum of \$6,000.

Step 2: We subtract any income provided to you:

- for the same or a subsequent disability under any government-sponsored plan, excluding dependent benefits, employment insurance benefits and automatic cost-of-living increases under any government-sponsored plan that occur after benefits begin.
- for any disability under any Workers' Compensation Act or similar law, excluding automatic cost-of-living increases that occur after benefits begin.
- under a motor vehicle insurance plan which provides disability benefits to the extent that the law does not prohibit such a deduction.
- under a group plan, including any coverage resulting from your membership in an association of any kind.
- under a retirement or pension plan funded in whole or in part by the employer, as a result of your disability or a medical condition.
- under any Criminal Injuries Compensation Act or similar law, where allowed by law.
- under the Québec Parental Insurance Plan.

The result from Step 2 is the amount you will normally receive.

If this amount plus the above sources of income exceeds 85% of your pre-disability basic earnings, we will reduce your Long-Term Disability payment by the excess. If your benefit is non-taxable, the maximum will be 85% of your pre-disability basic earnings after income tax.

If you are eligible for any of the income amounts above and do not apply for them, we will still consider them part of your income. We can estimate those benefits and use those amounts when we calculate your payments.

If you receive any of the income amounts above in a lump sum, we will determine the equivalent compensation this represents on a monthly basis using generally accepted accounting principles.

We will not take into account any benefits that began before your disability began. However, increases in those benefits as a result of your disability will be taken into account.

We have the right to adjust your benefit payments when necessary.

**Maternity / parental
leave of absence**

Maternity leave agreed to with your employer will begin on the date you and your employer have agreed will be the start of your leave or the date the child is born, whichever is earlier. The leave will end on the date you and your employer have agreed that you will return to active, full-time work or the actual date you return to active, full-time work, whichever is earlier.

Parental leave is the period of time that you and your employer have agreed on.

Sun Life will determine any portions of a maternity or parental leave which are voluntary and any portions which are health-related. The health-related portion of the leave is the period in which a woman can establish, through appropriate medical documentation, that she is unable to work for health reasons related to childbirth or recovery from childbirth.

Long-Term Disability benefits will only be payable for health-related portions of the leave where necessary in order to comply with requirements such as employment standards, human rights and employment insurance, after you have been disabled for an uninterrupted period of 26 weeks, provided your coverage has been continued.

However, if your employer has a Supplemental Unemployment Benefit (SUB) plan as defined in the Employment Insurance regulations covering the health-related portion of the maternity or parental leave, Sun Life will not pay any benefits under this plan during any period benefits are payable to you under your employer's SUB plan.

**Partial disability
program**

You may be required to participate in a partial disability program approved by Sun Life in writing.

After you are eligible for Long-Term Disability payments, you may be considered for a partial disability program in which you return to your own occupation for a reduced number of hours per week.

During your partial disability program, you can receive a salary from your employer for the hours worked. However, your Long-Term Disability payments will be reduced by the percentage of your normal work week that you are now working for your employer.

During your partial disability program your total income from all sources cannot exceed 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable). If this is the case, your Long-Term Disability payments will be further reduced by the excess.

Your participation in a partial disability program will be limited to the own occupation period.

Rehabilitation program

You may be required to participate in a rehabilitation program approved by Sun Life in writing.

It may include the involvement of our rehabilitation specialist, part-time work,

working in another occupation or vocational training to help you become capable of full-time employment.

Sun Life is under no obligation to approve or continue a rehabilitation program for an employee. We will consider such factors as financial considerations and our opinion on the merits of rehabilitation.

During your rehabilitation program, you may receive your Long-Term Disability payments plus income from other sources. However, if during any month your total income is more than 100% of your pre-disability basic earnings, indexed for inflation (less provincial and federal income taxes if your benefit is non-taxable), your Long-Term Disability payments will be reduced by the excess.

You should consider participating in a rehabilitation program as soon as possible after becoming totally disabled. If you enter a rehabilitation program during the elimination period, it will not be considered an interruption of the elimination period.

Any expense associated with an approved rehabilitation program, other than normal employment expenses, will be paid by Sun Life as long as Sun Life approves the expenses in writing in advance. The maximum amount during any one period of disability will be 3 times the amount of the monthly Long-Term Disability payment.

Expenses will not be covered if Sun Life notifies you in writing that the rehabilitation program is no longer approved or that it will no longer accept previously approved expenses.

Interrupted periods of disability during elimination period

Interrupted periods of total disability due to the same or related causes occurring before the elimination period has been completed are treated as one period of disability and are accumulated to complete the elimination period as long as this benefit is in force and all of the following conditions are met:

- the initial period of total disability lasts for at least 30 days without interruption.
- afterwards, there is no interruption of more than 30 days.
- each period of total disability is completed within 12 months after the start of the elimination period, or as approved by Sun Life in advance in cases where the elimination period is 365 days or more.

The difference between your normal number of scheduled hours and the number of hours actually worked is credited towards the elimination period.

If the Long-Term Disability benefit terminates, any balance of the elimination period must subsequently be completed by uninterrupted total disability.

Interrupted periods of disability after payments begin	<p>If you had a total disability for which we paid Long-Term Disability benefits and total disability occurs again due to the same or related causes, we will consider it a continuation of your previous disability if it occurs within 6 months of the end of your previous disability. Payments after coverage ends	<p>If the Long-Term Disability benefit terminates while you are totally disabled, you are entitled to continue receiving payments, as long as your total disability is uninterrupted, as if the benefit were still in effect.</p>
What is not covered	<p>We will not pay benefits for any period:</p> <ul style="list-style-type: none">■ you are not receiving appropriate treatment.■ that you do any work for wage or profit except as approved by Sun Life.

- you are on a leave of absence, strike or lay-off except as stated under *Maternity / parental leave of absence* or except where specifically agreed to by Sun Life.
- you are absent from Canada longer than 6 months due to any reason, unless Sun Life agrees in writing in advance to pay benefits during the period.

If you die while covered, Sun Life will pay the full amount of your benefit to your last named beneficiary on file with Sun Life.

If you have not named a beneficiary, the benefit amount will be paid to your estate. Anyone can be your beneficiary. You can change your beneficiary at any time, unless a law prevents you from doing so or you indicate that the beneficiary is not to be changed.

For your spouse's optional coverage, Sun Life will pay the full amount of the benefit to the last named beneficiary on file with Sun Life. If you have not named a beneficiary, the benefit amount will be paid to you.

A minor cannot personally receive a death benefit under the plan until reaching the age of majority. If you reside outside Québec and are designating a minor as your beneficiary, you may wish to designate someone to receive the death benefits during the time your beneficiary is a minor. If you reside outside Québec and have not designated a trustee, current legislation may require Sun Life to pay the death benefit to the court or to a guardian or public trustee. If you reside in Québec, the death benefit will be paid to the parent(s)/legal guardian of the minor on the minor's behalf. Alternatively, you may wish to designate the estate as beneficiary and provide a trustee with directions in your will. You are encouraged to consult a legal advisor.

Suicide

If you or your spouse have any optional coverage that has been in effect for less than 2 years, **we will not pay** benefits if death is by suicide, regardless of whether you or your spouse have a mental illness or intend or understand the consequences of your actions. However, we will refund all applicable Life coverage premiums that have been paid.

Coverage during total disability

If you become totally disabled before you retire or reach age 65, whichever is earlier, Life coverage may continue without the payment of premiums as long as you are totally disabled. This continued coverage is subject to the terms of the contract which were in effect on the date you became totally disabled, including reductions and terminations.

Sun Life must receive proof of your total disability within 12 months of the date the disability begins. After that, we can require ongoing proof that you are still totally disabled.

If proof of total disability is approved after an individual insurance policy becomes effective as a result of converting the group Life coverage, the group Life coverage will be reduced by the amount of the individual insurance policy, unless the individual insurance policy is exchanged for a refund of premiums.

Total disability must continue for:

- an uninterrupted period of 6 months, or
- the elimination period for Long-Term Disability, whichever is shorter.

This coverage will continue without payment of premiums until the date you cease to be totally disabled or the date you fail to give Sun Life proof of your continued total disability, whichever is earlier.

Spouse Life coverage will also continue without payment of premiums, as long as your Life coverage is continued without payment of premiums, but not after Spouse Life coverage is terminated.

For the purposes of your Life coverage, you will be considered totally disabled if you are prevented by illness from performing any occupation you are or may become reasonably qualified for by education, training or experience. However, if you are totally disabled under the Long-Term Disability benefit, you are also considered to be totally disabled under the Life benefit.

Converting Life coverage

If your Life coverage ends or reduces for any reason other than your request, you may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.

If your spouse's Life coverage ends for any reason other than your request, your spouse may apply to convert the group Life coverage to an individual Life policy with Sun Life without providing proof of good health.
