RRPC FIM-FNCC(CSN) Target Benefit Pension Information Session

Dear members,

As you are all aware, as of January 1st 2026, every member that is currently on the defined benefit pension plan (DB) will be enrolled in the RRPC FIM-FNCC(CSN) target benefit pension. Because this is an important change to our pension plan, the union executive team has decided to offer an information session to ALL members, including members that are already enrolled, to facilitate the transition to the new pension plan.

Present at the information session, will be the union executive team, the union pension committee, as well as the actuary from the CSN and the actuary from SAI (firm who will be managing our pension plan) There will be a presentation of the plan and afterwards we will open the question period. Please note that the session will be held in French, but as always, we will take the time to translate, answer any questions and receive comments in English.

For those who have not yet done so, please send an email to retraite@csn-rrc.ca from your personal email address to give your consent to the actuarial firm SAI to send you the link and all the instructions you need to follow to join the participant portal.
